ATHENA**VB**

In Greek mythology, ATHENA was the goddess of wisdom and battle. We seek to develop strong women through the sport of volleyball - equipped with technical playing and life skills nurtured through world class training and honed in competition and battle.

A Greek hero of the Trojan War, AJAX was described in the *Iliad* as fearless, strong, and powerful, and with a high level of combat intelligence. He was a towering figure and a warrior of great courage.

AJAXVB is the premier and largest boys volleyball club in the NW, with the vision of a empowering greatness through team and individual excellence.
